Schedule No. 4

PRIVATE FIRE SERVICE

(continued)

5. Service hereunder is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction, are installed according to specifications of the utility, and are maintained to the satisfaction of the utility. The utility may install the standard detector type meter approved by the Insurance Services Office for protection against theft, leakage or waste of water and the cost paid by the applicant. Such payment shall not be subject to refund.
6. For water delivered for other than fire protection purposes, charges shall be made therefore under Schedule No. 1, General Metered Service.
7. The Utility will supply only such water at such pressure as may be available from time to time as a result of its normal operation of the system.
