

Schedule No. 5  
RECYCLED AND UNTREATED WATER SERVICE

APPLICABILITY

Applicable to all recycled and untreated water metered service.

TERRITORY

The service area of Valencia Water Company as defined in the preliminary statement and depicted in our service area maps.

RATES

Quantity Rates:

Customer will be charged per 100 cubic feet of recycled water delivered at 84% of the quantity rate as reflected in "Schedule No. 1-NR, General Metered Service – Non-Residential".

Service Charges:

Customer will be charged the currently effective monthly service charge for the applicable meter size as reflected in "Schedule No. 1-NR, General Metered Service – Non-Residential".

SPECIAL CONDITIONS

1. The utility will supply at the point of connection only such recycled water at such pressures as may be available from time to time from the Castaic Lake Water Agency. The customer agrees to make no claims against the utility for loss, damage or injury caused by service interruptions.
2. The customer shall defend and indemnify the utility and save it harmless from any and all claims arising out of service and water use under this schedule, and shall further agree to make no claims against the utility for any loss, damage or injury resulting from service and water use under this schedule.
3. The customer must execute a recycled water use agreement if required by Valencia Water Company and comply with all governing codes, rules and regulations to receive and use recycled water.
4. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
5. The Water Quality Surcredit is to refund amounts previously collected in general rates used to fund water quality litigation. The funds received were recorded in the Water Quality Litigation Memorandum Account. The surcredit shall remain in effect until the amount of \$531,605 has been fully refunded in accordance with D.10-12-029, approximately 12 months. (T)
6. Due to the under-collection in the utility's Water Revenue Adjustment Mechanism / Modified Cost Balancing Account (WRAM / MCBA), a surcharge of \$0.056 per 100 cu. ft. of water used is to be applied to the quantity rates until the under-collection in the WRAM / MCBA has been fully amortized, approximately 12 months.
